11. Trace and cut out hair from the black cardstock according to the pattern. Place the hair over the face and adhere. Use the 1/8" hole punch and punch out two circles for the eyes. Take the scrap of black cardstock and glue to the back of the face by the holes. The black will show through to the front to color the eyes.
12. Use the 1/4" heart punch and punch out 5 hearts from the pink cardstock. Arrange the hearts as in the sample to create a flower for the hair. Glue hearts in place with the glue pen.
