IDEAS & INSPIRATION

Year of the Pig Pin

FREE
Project
Sheet

Supplies:

2" x 4" Pink Foamie # 7761 3596

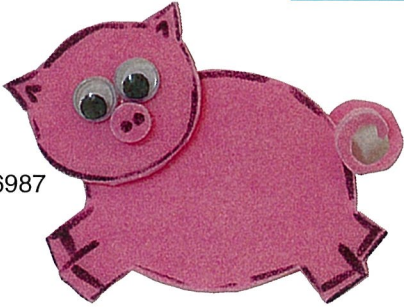

2 – 7mm Moving Eyes #7766 0837

1/4" Hole Punch #7717 8558

Black Sharpie Marker #91029

1" Pin Back #7740 3337 or #7712 6987

Low Temp Glue Gun & Glue sticks

Directions:

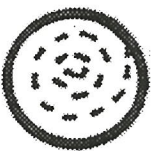

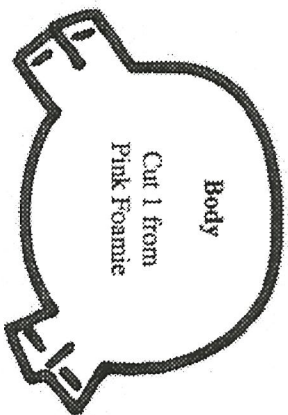

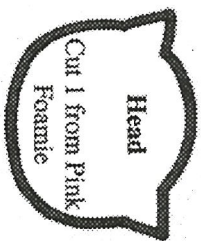

Trace and cut out pieces from foamie according to the patterns.

Lightly outline the head and body with the black marker. Use the black marker to draw in the ear and feet details, as pictured in the sample.

Glue the two eyes to the center of the head. Take the 1/4" hole punch and punch one small dot out of the pink foamie. Place the 1/4" dot below the eyes and glue in place for the pig's snout. Use the black marker to make two small dots for the nostrils.

Place the head at an angle on the body and glue in place as in the pictured sample.

Take the pink circle foamie and slowly spiral cut around the circle going as far into the center as possible. Careful pull the ends of the loopy piece of foamie to curl more. Trim down to about 3/4" long and glue behind the pig for a curly tail. Glue the pin back behind the body.
