Scissors

Wire Cutters - for the greenery

Meriken 1/4" Double Stick Tape 30012748

*Sample used stamps from the dandelion designs set "You make me smile" 30172748

DIRECTIONS

1. Stamp and color the images you want to include in the jar scene. Cut them out leaving a small outline border. Set it aside for now.

2. Take a piece of floral foam or styrofoam and cut down to fit into the bottom of the jar.
3. Take apart your greenery so that you have smaller pieces.
4. Take the stamped images and place within the greenery to create a scene. Glue images in place.
5. Place moss in between the greenery to cover the foam.
6. Place the whole piece back into the jar. Add more moss at the sides to hold in place and to hide the foam.
7. Screw lid back onto jar.
8. Punch out a circle from cardstock and write a message on top. Tape to the lid of the jar.
