- Black Fine Tip Sharpie Marker #91029
- Quarter (coin) or 1-in. circle punch #30028719
- Pencil for tracing
- Scissors
- Paper Trimmer #30174692
- Optional: Paper Creaser #30003774

NOTE: The base of the bookmark is folded the same way as the Origami Heart Bookmark/Pocket. Using lighter weight paper like origami, gift wrap or copy paper makes it easier to fold. You can use thicker weights like cardstock or construction paper. The thicker paper will just be a little harder to crease and fold.

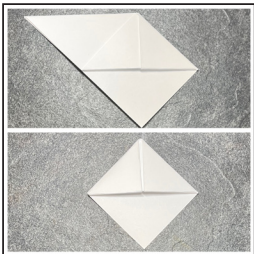

INSTRUCTIONS

1. Position the paper on point like a diamond.

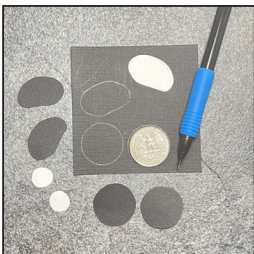

Fold the top point down to the bottom point, forming a triangle. Crease well.

At the bottom points, take the top layer and fold up to the center of the straight fold. Crease well.

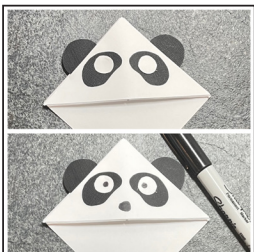

3. Repeat step 2 with the left side point.

This is the bookmark base.

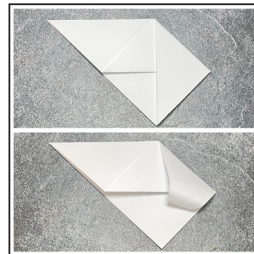

5. Trace and cut out the eye pieces from cardstock according to the patterns.

For the ears, you can use a 1-in. circle punch or trace a quarter.

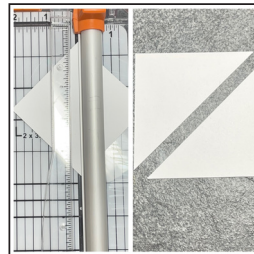

7. Place the black eye pads on the triangle and tape in place. Place the small white circles on top and tape in place.

Use the black marker to draw in the pupils of the eyes and the panda's nose.

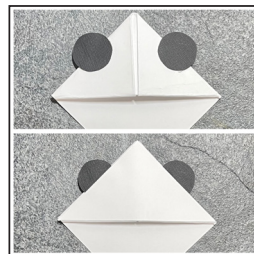

2. Take the right side point and fold it down to the bottom point. Crease well.

Tuck the point into and under the pocket. Crease well.

4. Take the 3-in. x 3-in. white cardstock and cut diagonally in half to make two triangles. Cut by hand or use a paper trimmer as shown.

6. Place each of the 1-in. black circles on either side of the bookmark base, with half of the circle sticking above the base. Tape to the base.

Position the white cardstock triangle over the base, matching the edges and tape in place for the panda's face.

8. Place the Panda on the corner of the page you want to bookmark for later.

9. Get creative and use other colors and shapes to create other critters!
