

# BEFORE SUBMITTING YOUR PHOTO:

## Was your photo professionally taken?

If your photo was taken by a professional photographer or photo studio, please provide a written release form or letter of permission from your photographer or studio. We are unable to process orders without permission.

## Does your photo orientation match your selected layout?

When selecting the layout, the orientation of your photo will determine the fit into the frame. A vertical or portrait layout will better fit a taller style frame, while a landscape or horizontal layout will fit a shorter and wider frame.

## Is your photo cropped?

If a photo is cropped (trimmed) close to or around the subject, the photo may not fill the entire space of the frame.

## How is your photo quality?

- Does your photo appear fuzzy or unclear?
- Is the color of your photo/subject appear unnatural or tinted?
- Does your photo look washed out, too dark, too bright, or heavy shadows?
- Was your photo printed at home or photocopied?

**If you have answered YES to any of these questions, you may want to consider submitting a replacement photo.**
