HOLIDAY SWEET TAGS
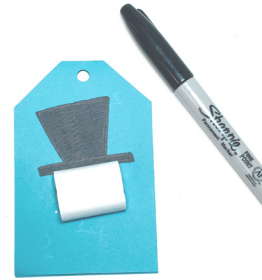

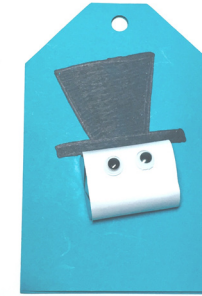

MATERIALS & TOOLS

- 2 3/4" x 8 1/2" Cardstock for the Tag base
- 1 1/4" x 3" White Cardstock for Snowman
- Hershey Nugget mini candy bar
- 2 qty. 5mm Moving eyes or similar
- Small Orange Cardstock scrap for carrot nose
- Black fine tip Sharpie marker #91029
- Silver or White Marker
- 1/4" Double Stick Tape #30013284
- Mini Glue Dots #30001510
- 8" of ribbon or similar for tag
- 1/4" Hole Punch #77178558
- Paper Trimmer #30088131
- Scissors
- Pencil

INSTRUCTIONS

1) Take the 2 3/4" W x 8 1/2" L cardstock and fold in half lengthwise to make it 4 1/4" tall.

2) On the folded edge side, trim diagonally across the corners to make it look like a shipping tag. Use the 1/4" hole punch and make a hole at the top, punching through both thicknesses.

3) Wrap the 1 1/4" x 3" white cardstock around the Hershey nugget candy. Wrap the candy snugly but loose enough so that the candy can be pushed out. Tape the cardstock overlap on the flat bottom side.

INSTRUCTIONS (Continued)

4) Place the wrapped candy on the tag where you would want it to go. Mark lightly with a pencil and remove the candy. Use the black marker to draw a top hat.
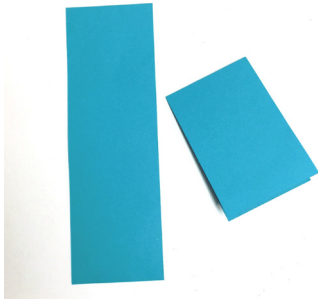

5) Double stick tape the wrapped candy below the top hat for the snowman's face. Use mini glue dots to add the moving eyes onto the snowman's face.

6) Cut a tiny triangle from orange cardstock and glue dot below the eyes for a carrot nose. Use the black marker and draw five dots in a semi-circle below the nose for the mouth.

7) To finish, you can write a message below or on the inside of the tag. Slip a ribbon or similar through the hole at the top. Use as a place card, gift tag or tree ornament.

Extra sample - reindeer

NOTE: You can make other characters by changing out colors and adding different features. You can also use other mini candy bars; you will just need to adjust the cardstock measurements.
